VISION

MetaMelio's vision is to create a Metaverse platform where users can interact, play games, and experience activities as they would in the real world. And can purchase, build, trade land, and monetize content.

Team

Dave Dawar Lodin
CEO

MetaMelio was founded by Dave Lodin, who is also the President and CEO of Alliance Bay Funding Inc., one of the largest real estate finance corporations in Northern California. Before joining Alliance, he held positions from network engineer to data center engineer during his five-year career at Cisco Systems. He earned a master's degree from American Military University in national security and intelligence analysis studies and a Bachelor of Science in business administration from the University of Phoenix. He is also a Metaverse Certified Expert and member of Blockchain council.

What is MetaMelio?

MetaMelio is a Metaverse platform powered by Binance Blockchain. It is a virtual reality world where users can interact, play games, and experience activities as they would in the real world. Users can purchase, build, trade land, and monetize content.

MetaMelio's Token MTM built on the Binance Smart Chain aims to pay rewards to holders and penalize sellers. Holders of MTM tokens will receive holding rewards in MTM for every transaction. Holders will receive a four percent award, three percent will be kept for marketing, and two percent will be burned.

The company plans to work on education and media side projects to expand the adoption of MTM token and aims to establish partnerships with many Metaverse platforms.

Create digital assets

Users can make money in The MetaMelio Mataverse as creators by making and selling digital assets in the MetaMelio Marketplace. You can create any kind of item that users will use in the MetaMelio Metaveser, from houses to cars. When you've created your digital assets you can export it to Marketplace.

Build and monetize games

In the MetaMelio Mataverse you can build your own games without any prior software development experience. You can then import the game you've created to the MetaMelio land you own and invite other people to play. You can charge other players for participating as it's on your land.

Rent LAND

Users can rent out LAND they own in the Metamelio Metaverse to other users who want to create, publish, and monetize games and other experiences. Land in MetaMelio will be permanently owned by the community, giving them full control over their creations. The price you can rent your LAND out for will vary depending on several factors, from the size to its location and proximity to other popular communities.

Buy and sell LAND

Virtual land can be worth as much as land in the real world. Land in MetaMelio will be permanently owned by the community, giving them full control over their creations. Landowners control content is published to their portion of the land which will be identified by a set coordinates (X,Y). Buying parcels of land and then selling them when they have increased in value, can be lucrative. You can also add digital assets to your land which will increase the price.

Invest in MetaMelio

MTM will be used to purchase assets as well as digital plots of land.

MTM will be listed on exchanges, and you should be able to purchase it from pancakeswap or Centralized exchanges.

MTM

MTM is an essential part of the MetaMelio platform. MTM is a BEP-20 utility token built on the Binance blockchain that serves as the basis for transaction within the MetaMelio Mataverse.

MetaMelio Tokenomics

MetaMelio Token MTM aims to pay rewards to holders and penalize sellers. Holders of MTM tokens will receive holding rewards in MTM for every transaction that takes place. 4% reward to holders, 3% will be kept for Marketing and 2% will be burned.

MTM token has been designed to provide a high utility layer to our MetaMelio ecosystem, to become our exchangeable currency and rewards tool to give back to our loyal holders.
